

SCREW-ON PIPE CLAMP

Type 114 GW

two pieces

All dimensions in mm

Material b x s	øD	L	d	Threaded connection Gw	Permissible tensile strength* [kg]
20x1,5	15.0 17.2 consecutive pipe diameter until 38.0	18	M 6	M 8	150
20x2,0	42.0 42.4 consecutive pipe diameter until 60.3	18	M 6	M 8	250
Other diameters on request. Please tell us the requested pipe diameter.				* valid for ceiling mounting usage only with tube types who do not deform themselves at mentioned load factors.	

Description

Two pieces pipe clamp made from zinc-coated band steel or stainless steel quality A2 or A4. Embedded in the nut case is a threaded bolt for direct mounting to dowel, insulation units, helped track and others. The clamp connection screws, punched at the limbs, enable an easy mounting.

Combination possibilities with Type

102a, 114 Mu and 114 Ni

Preferable fields of application

Sanitary- and heating technology

**Also STAINLESS available
RUST
PROOF**
